

50 Years Ago

What were the people of Eurobodalla doing 50 years ago? Some, mostly our more senior members were attending the inaugural meeting of the Eurobodalla Historical Society. Maybe you were finishing school and contemplating a job in the Public Service or still at school and in that play that shocked parents? Perhaps you were down at Moruya Beach or contemplating buying a block of land at Malua Bay or perhaps like John Nader you were getting to know nature up close and personal? Perhaps you were just sitting around watching television?
